PERSONAL AND CONFIDENTIAL

Dr. James R. Killian, President
Massachusetts Institute of Technology
77 Massachusetts Avenue
Cambridge 39, Massachusetts

Dear Jim:

I've just returned from a 35,000-mile trip covering four continents [redacted]. It was interesting in many respects, encouraging in some, and disappointing in a few. I have quite a few ideas as to how we can improve our activities and I am convinced that there are certain areas in which we must step up our coverage.

STAT

Kirkpatrick has given me a full briefing of the activities of your Board during my absence, as they affect us. I understand that the Board will be in Washington on the 28th, 29th and 30th of November, and naturally we will be ready to meet with you during that time. I plan to be in Washington all of the time between now and then except for November 2 through 6, when I plan to get a couple of days rest on Long Island--because I found my trip anything but a vacation. If you are planning to be down here before the November meeting I would be delighted to see you.

ILLEGIB

Sincerely,
